## **Feedback analysis and action taken report 2020 – 2021**

The feedback provides an opportunity to find out the loopholes so that the quality can be improved of any stream. To get an overall idea on the syllabi of various courses offered by the University, the college maintains an institutional level feedback report. The institute has formed the 'Feedback Committee'. This committee is supposed to collect and analyse the feedback forms from the students. The purpose is to monitor and evaluate the performance quality on curriculum and curriculum related issues.

Feedback collection Process:

Every year feedback on curriculum is collected from the final year students as they have an overall idea of the curriculum. The feedback committee has developed a feedback form for students. The questions are framed in such a way that they address curriculum and its learning related issues in terms of quality, competence, and skills. The feedback also focuses on delivery of curriculum by teachers.

Action Taken:

The feedback collected is analysed and report is given to the Principal for further action. The suggestions were consolidated to communicate to the teachers who are members of various boards of studies and syllabus revision committees, and those who participated in the syllabus revision workshops conducted by the University. Proper suggestions were formulated to be communicated to ensure the proper redressal of the grievances.

Our faculty member, Dr. Prashant biradar, Head, Dept. of Sanskrit,(Chairman of BOS, Sanskrit) put forward the suggestion in the BOS meetings.
